Correction to: An analysis of the selection criteria for postgraduate physician assistant residency and fellowship programs in the United States

Vasco Deon Kidd^{1*}, Sarah Vanderlinden² and Jennifer M. Spisak³

Correction to: BMC Med Educ 21, 621 (2021)

<https://doi.org/10.1186/s12909-021-03059-y>

Following publication of the original article [1], the author informed us that the response rate was incorrectly reported. The updated rate is given below and the changes have been highlighted in **bold typeface** as follows:

Abstract

Results: Twenty-three out of 73 postgraduate programs (**31.5%**) responded to the survey. The study reported that applicant PAs and **nurse practitioners (NPs)** are largely selected on the basis of several factors.

Results

Seventy-three postgraduate programs were invited to participate, and 23 programs completed the entire survey. The overall response rate was **31.5%**.

Limitations

Third, this study includes a low response rate of (**31.5%**), which may have contributed to response bias.

The original article has been corrected.
