**Correction to: BMC Medical Education 18, 209 (2018)**  
<https://doi.org/10.1186/s12909-018-1309-9>

Following publication of the original article [1], the authors became aware that they had not obtained permission from the *Asano-Gonnella Center for Research in Medical Education and Healthcare* to publish the authors' Spanish version of the *Jefferson Scale of Physician Empathy* scale (health professionals version).

Additional File 1, which contained a copy of the scale, has therefore been removed from our original article. The translated scale is available with permission from the *Asano-Gonnella Center for Research in Medical Education and Healthcare* by sending an email to: [empathy@jefferson.edu](mailto:empathy@jefferson.edu)

The original article has been corrected.
